DGCA Approved FTO
(A Unit of Hindustan Group of Institutions)

Orient Flights Aviation Academy - A Benchmark in the Aviation Industry

Orient Flights Aviation Academy, a part of Hindustan Group of Institutions (established in 1966 by our founder chairman, Late Dr. K.C.G. Verghese), is a leader in all facets of aviation training since 1994 in India carrying a legacy of almost three decades. Orient Flights Aviation Academy has an enviable infrastructure, experienced faculty, an expanding fleet of new aircraft & a large hangar at Mysuru Airport. All these ensure that the academy delivers quality training on par with global standards.

Presently Orient Flights Aviation Academy offers fully integrated DGCA approved courses which are equipped with best in class training on modern aircraft & simulators. Orient Flights Aviation Academy is one of the best IATA authorised training centres in India offering job oriented certified courses.

Legacy of 30 Years

Orient Flights Aviation Academy carries a legacy of more than 29 years marking almost three decades in 2024, logging more than 45,000 Hours and training more than 700 Pilots under highly qualified and experienced instructors. Orient Flights Aviation Academy has set the benchmark for aviation training to realise the dreams of aspiring pilots.
