

ALSIM AL 250 Flight Simulator

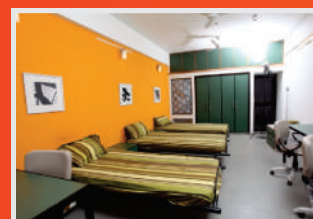

Simulator Training

The AL50 has been used by Orient Flights for imparting thousands of hours of training for Pilot's, Engineers & aviation enthusiasts. In 2017, Orient Flights added the advanced ALSIM AL250 Multi-Engine Aircraft Simulator to its fleet, and have also entered into a technical partnership with ALSIM Simulators which led to the establishment of the SIM CENTRE at Chennai.

ADMISSIONS OPEN 2019

VISION

“To make every man a success and no man a failure”

MISSION

To provide aspiring students modern training aircrafts and allied facilities and industry specific courses to obtain their Commercial Pilot's License and guide them in fulfilling the industry standards to achieve their Airline Transport License.

Orient Flights - A Benchmark in Aviation Training

Orient Flights Aviation Academy, a part of the Hindustan Group of Institutions, is a leader in all facets of aviation training in India. Orient Flights has an enviable infrastructure, experienced faculty, an expanding fleet of new aircraft and a large hangar at Mysuru Airport. All these ensure that the academy delivers quality training on par with global standards. Presently, Orient Flights offers fully integrated DGCA approved courses which are equipped with best in class training on modern Aircraft and Simulator.

Hindustan Group of Institutions was founded in 1968 by our Chairman, Late Dr. KCG Verghese - a pioneering educationalist who gave us the vision of “To make every man a success and no man a failure”.

Legacy of 25 Years

Orient Flights has a legacy of over 25 years and 30,000 flying hours with more than 500 pilots trained under highly qualified ex-Indian Air Force Instructors. Orient Flights sets the benchmark for aviation training in Mysuru to realise the dreams of aspiring pilots.
